

# FRIENDS IN THE WILD

**This program is all about diving deep into one's imagination with a little help from one's friends.**

Children will pick a stuffed animal from home to bring to the woods this week. They will be doing everything from making cars and grand-scale ramps for their pets to ride in to having a giant salon experience with their furry friends. Together, they will enjoy many adventures -- inspiring hours of pretend play out in the wild.

 **TimberNook**  
The Ultimate Sensory Experience

June 10-14, 2019
