

2020-2021

Science Olympiad

Science Olympiad is a great organization that allows students to compete in various science events each year against other area schools. Science Olympiad is open to students in 6th – 8th grade at RMS. There are no tryouts. Everyone that is interested can participate. Due to COVID, this year's preparation for these events with Mr. Bergler will be run in a different manner; however, the Illinois Science Olympiad program is committed to continuing this school year in ways that will comply with safety guidelines. Check out these websites for more information on Science Olympiad:

National Website: <https://www.soinc.org/>

State Website: <https://www.illinoisolympiad.org/>

This year's events: <https://www.soinc.org/events/2021-division-b-events>

Interested?

Send an email to Mr. Bergler at sbergler@kinnschools.org with the following information:

- "Science Olympiad" in the subject of the email
- Student's First and Last Name
- Student's grade in school
- Parent's email address/contact information

Once you contact Mr. Bergler, you will be sent more information. If you have any questions, please don't hesitate to ask.
