

May 1, 2022

Summer Reading Club, “Read Beyond the Beaten Path,” will begin at North Suburban Library District in Loves Park and Roscoe on Tuesday, May 31, 2022. We will help kids enjoy reading while beating the summer slide here at the library.

With free choice reading, kids can enjoy books *and* sharpen their comprehension and vocabulary. Students can visit NSLD and pick up a Summer Reading Club To Go bag in Children’s Services. The bag includes a reading log, stickers, bookmark, and pencil.

Readers can complete the log by reading books and doing fun activities and challenges. Future readers can have fun building pre-reading skills. Once the book log is completed, kids can return to choose a prize book and get a kids meal coupon compliments of NSLD and Culver’s. Those that finish and return their summer reading log to NSLD will have a chance to win the grand prize- a camping gear set!

This year, kids can also try the NSLD online Summer Reading Club service, Beanstack to track reading while on the go. All they need to do is download the Beanstack app from a mobile device app store. Then, pick up a Summer Reading Club To Go bag . Those that finish Summer Reading Club online will be automatically entered into the grand prize drawing.

Our event line-up this year includes two pool parties, a Stuffed Pet Parade with Scoopie from Culvers at Macktown Living History, an end of summer bash at the YMCA in Loves Park, as well as online art tutorials, and virtual nature walks to encourage outdoor educational activities. Kids should check the NSLD website to watch premieres each Tuesday on the NSLD Facebook page or YouTube channel.

Please encourage your students to enjoy a fun-filled and active summer by participating in the “Read Beyond The Beaten Path” Summer Reading Club here at North Suburban Library District.
